

Creative Challenge

Tikkun Olam (Repair the World)

Try the following with your class!

- In groups, have a discussion about what small steps you could each take to try and “repair the world”.
- Come together as a class to create a banner/ floor book entry/video that collates the ideas together.
- Why not swap your creations with those from other classes and see what ideas they came up with? Are there any similarities? Any differences?

Send them in to Electric Umbrella by emailing education@electricumbrella.org.uk.
